'Why do clubs HAVE to demonstrate good corporate governance?'

*Presented by Dr Michael Singleton, Director of Corporate Programs,
Graduate College of Management, Southern Cross University*

Everybody talks about corporate governance these days and for good reason. There's no doubt that effective corporate governance is essential to the success of any business including clubs. But what, exactly, is it?

It's about a number of things. It's about having a system of checks and balances in place that ensures sustainability. It's about being accountable not only to stakeholders but also to the wider community and acting in ways that are socially and environmentally responsible.. And it's about conforming to an increasingly onerous regulatory framework that demands more of clubs and club directors and CEOs than it ever has before.

This session is a **MUST** attend for all senior managers and directors alike. Dr Michael Singleton is the convener of the CMAA-SCU Corporate Governance Program.

12.30pm **Lunch and Guest Speaker**

Cost: **\$55.00 per person - PRE-PAYMENT ESSENTIAL**
Confirmed attendance will be charged if no show on the day.
