<b>Estimated Total Responses</b>	<b>50,000</b>	<b>100,000</b>

# Club Member Visitation Survey Insights

# Analysis and Reporting

## Analysis and Reporting

1. Standardised set of research questions which will be benchmarked against a national and state cohort of clubs.
2. Survey format has been road tested in the industry.
3. Tailored questions will be included allowing clubs to gain data on their members postcode location and competitive venues in their areas. Clubs may also request 2 additional specific multiple choice questions to be added to the survey.
4. Wohlsen consulting will provide detailed and tailored analysis taking into account member demographics (age , sex) and importantly tailored analysis for important segments e.g. frequent visitors and higher spenders.
5. Participating clubs will receive their own results report with comparisons to the total survey benchmarks at national state and club size level.
6. Wohlsen Consulting can also present results to each participating club's management via an online Microsoft Teams meeting.
7. Aggregated research results will be provided to the industry via CMAA publication and will be presented at industry events.

# Privacy Assurance

## Survey Protocol and Privacy

- Wohlsen Consulting will not have access to private specific member information. We recognise that club's member information is their intellectual property
- Clubs will email online survey link to members. Members complete survey online. Member privacy guaranteed. Wohlsen Consulting will not contact members.
- Participating clubs own survey results will not be published to the industry. These results are private for each club only.
- Only anonymous and aggregated data (such as benchmarks) will be shared at industry level.

# CMAA Endorsement and Pricing

- Members of the CMAA Federal Executive are endorsing this study and some have already agreed for their clubs to participate
- For clubs with multiple venues the survey should be at the venue level to be meaningful
- The investment for each participating club is follows. There is a standard price for the first venue of \$3500 for a single venue. For club groups with multiple venues the pricing per subsequent venue is in the schedule below. Clubs with multiple venues may choose which venues they would like to participate.

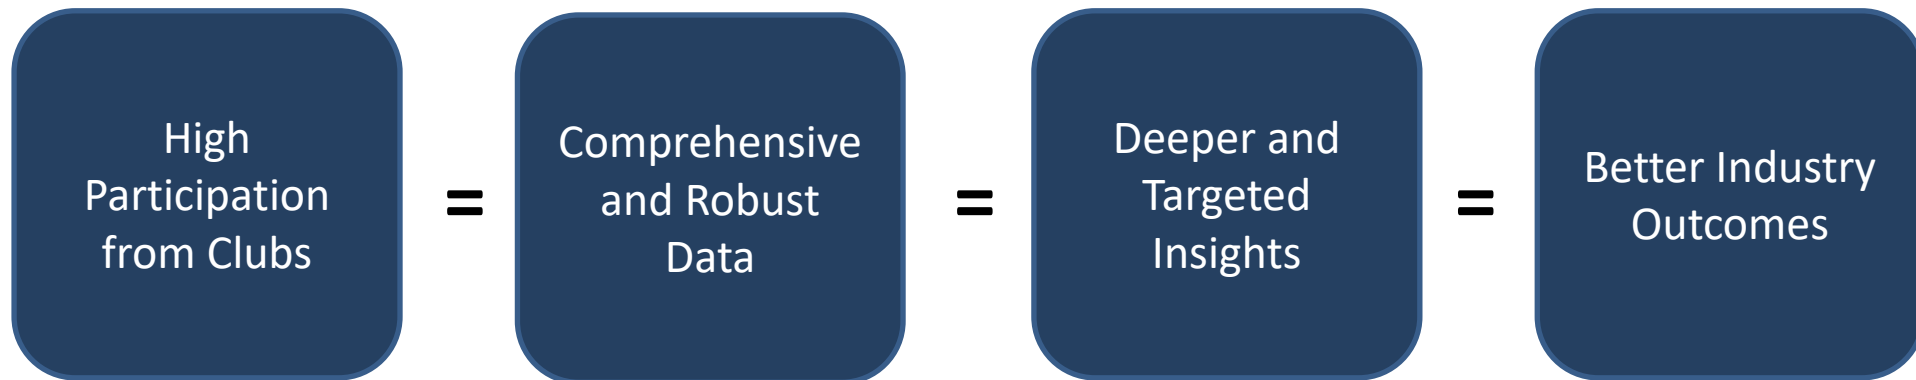

First Venue	\$3,500		
Additional Venues	Large Revenue over \$20M	Medium Revenue \$10M to \$20M	Smaller Revenue under \$10M
Second Venue	\$3,300	\$2,750	\$2,250
Third Venue	\$3,100	\$2,500	\$2,250
Fourth and above Venues	\$2,900	\$2,250	\$2,250

All Prices are Pre GST

*We thank you in advance for your interest!*

# National Club Members Visitation Survey Example Report

February 2022

# Example Survey Report

- This example survey report demonstrates the actual data tables that clubs will receive when they participate in the national survey
- There will be over 50 charts provided
- There will be detailed demographic charts for the club followed by comparison charts for the club to compare to its regional and national club industry
- Charts will come with commentary highlighting strengths and weaknesses and opportunities for improvement
- Wohlsen Consulting will be available to present to each participating club in an online MS Teams meeting
- The data tables will also be provided in excel with a Pivot function set up

# Member Survey Visitation Data and Insights Benefits for Clubs

The member survey provides club management and club boards with member data for their club and compares it to benchmarks from other club surveys in their region (eg by city or state) and to a national average

The report will provide data and insights that can be used for:

- Data driven decision making
- Strategic Planning
- Business Planning
- SWOT development
- Management tool for communicating with staff
- Identify key training needs
- Benchmark for a future survey to measure impact of management actions

# Defining Good and Committed Gamers

- Key member segments that will be reported throughout the survey are “good gamers and committed gamers”
  - Good Gamers \$200 to \$400
  - Committed Gamers over \$400
- Good Gamers and Committed Gamers are the highest value members segments and hence it is important to ensure these group is well looked after and has positive ratings for the club

# Number of Responses by Demographic

- Majority of members are 46 to 75 years making up 72% of members
- Females are 54% vs males at 46%
- Club XYZ has a younger profile compared to its region and national. Younger members under 45 years account for 21% of members
- Club XYZ is also stronger in the 46-60 years age group vs region and national averages

# Number of respondents table

Age and Gender	Total	18-30	31-45	46-60	61-75	75+
Male	642	35	97	217	231	62
Female	761	28	78	281	276	98
Total	1403	63	175	498	507	160

# Number of Responses by Demographic

Survey response demographics % composition  
club XYZ compared to region and national

- Majority of members are 46 to 75 years making up 72% of members

- Car parking
- Safety

*How do you rate XYZ Club in terms of (service and facilities)? (on a scale of 1-10, 5 means just OK)*

Club XYZ Food Rating

Club XYZ food rating vs region and national

# Net Promoter example chart by demographic for Gaming

*How do you rate XYZ Club in terms of its gaming machine facilities? (on a scale of 1-10, 5 means just OK)*

- Overall high net promoter score at 49.95
- Males rate very highly at 60 vs females at 45
- Importantly Good Gamers rate XYZ very high at 60
- Under 45's are the weakest although the score of 45 is still high

# Net Promoter example chart vs region and national for gaming

*How do you rate XYZ Club in terms of its gaming machine facilities? (on a scale of 1-10, 5 means just OK)*

- Club XYZ has a higher net promoter score compared to both region and national
- Males rate club XYZ higher than region and national
- However, females are rated lower
- Importantly the Good Gamers rating at 60 is significantly higher than region and national
- Over 45's are a strength while under 45's represent the weakest score

# CLB XYZ overall ratings on COVID practices

Please rate (club name) on its (COVID practices) (rating 1-10, 5 being just ok)

- Club XYZ scores strongest on its COVID communications and members wanting permanent changes
- COVID compliance shows as an opportunity for improvement
- These strengths and opportunities are more pronounced for female members
- Good gamers also rate communications and permanent changes as important
- The lower compliance score of 6.2 for over 45's is the biggest weakness of all ratings by demographic

# CLB XYZ ratings on its COVID communications

*Please rate (club name) on its COVID communication to you including frequency, quality and clarity of messages (rating 1-10, 5 being just ok)*

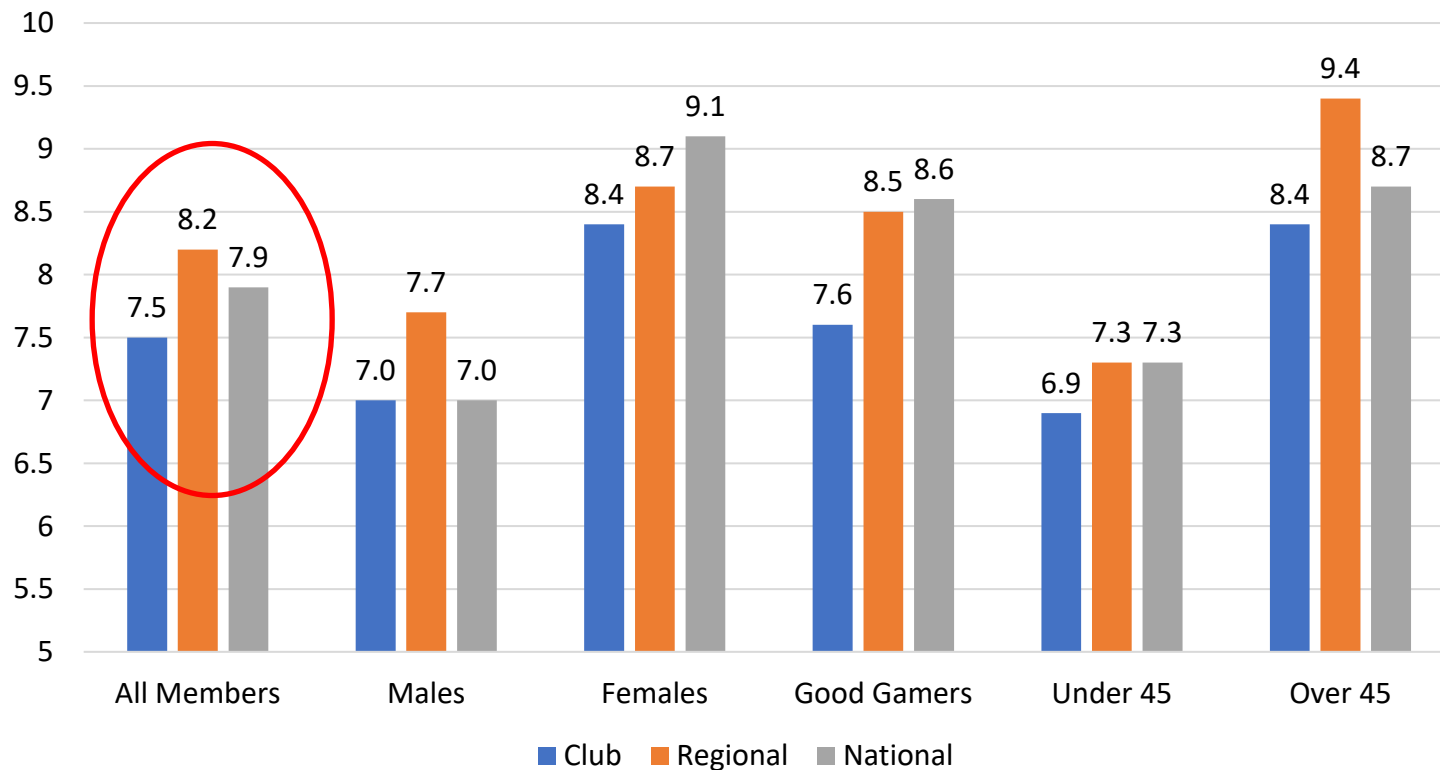

- Overall score of 8.1 for COVID communications is a positive
- Females rate communications higher than males
- Good gamers core is positive
- Over 45s score positive
- Under 45's is low vs all other scores

# CLB XYZ ratings on its COVID communications vs region and national

*Please rate (club name) on its COVID communication to you including frequency, quality and clarity of messages (rating 1-10, 5 being just ok)*

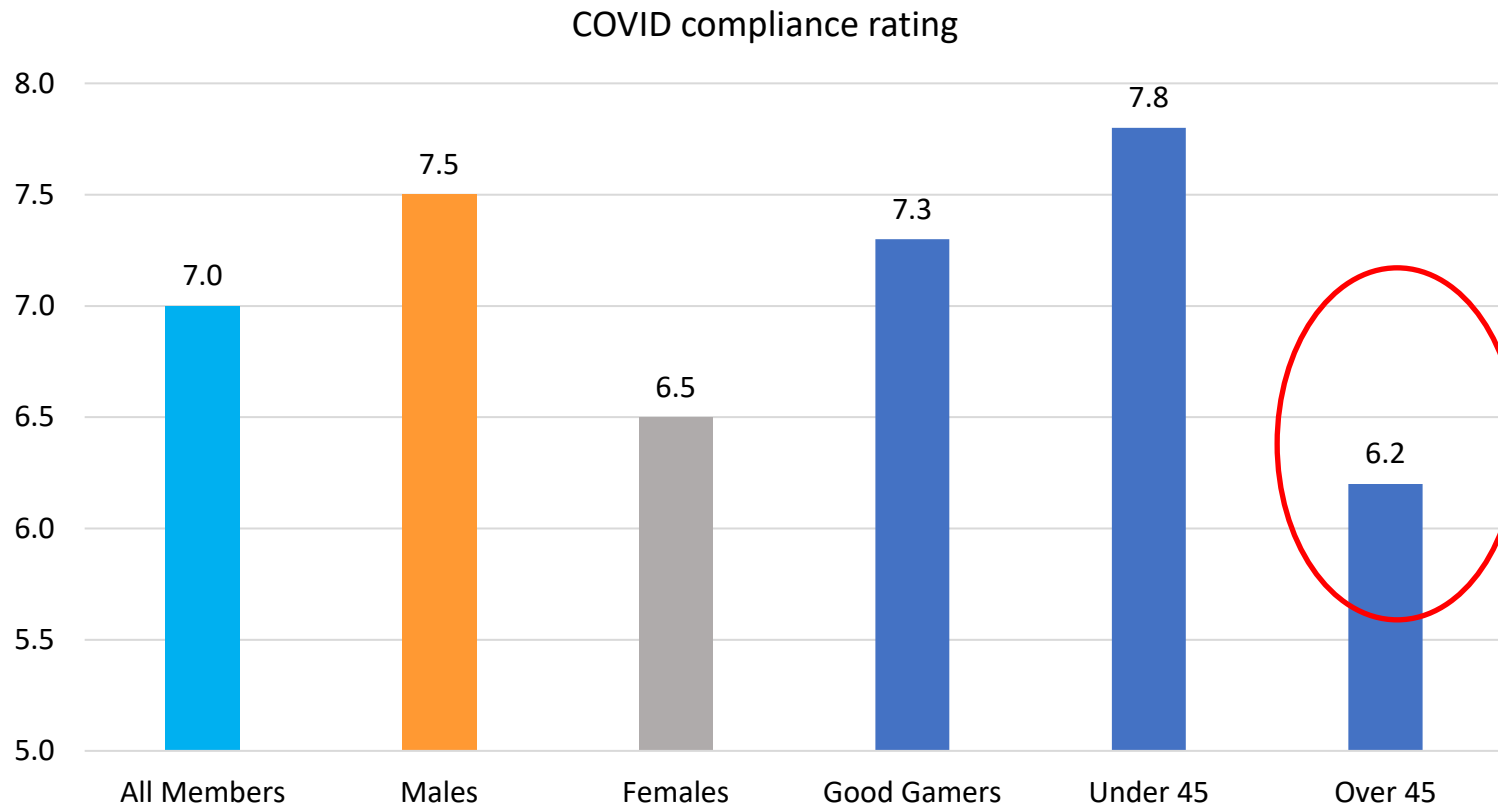

COVID communications ratings summary Club XYZ vs region and national

- Club XYZ underperforms on its COVID communications vs region and national across all demographics
- The regional benchmark is higher than national hence there is more local competition for this attribute or people may be seeking more information

# CLB XYZ ratings on its COVID compliance practices

*And from a COVID Safe compliance perspective, how do rate your club?  
(on a scale of 1-10, 5 means just OK)*

- Club XYZ has a lower score for this ratings vs other ratings at a score of 7
- Males rate Club XYZ higher than females
- The highest ratings is under 45's
- Over 45's, who have greater health risks with COVID, gave a low rating of 6.2. This indicates a need for Club XYZ to focus on improving

# Club XYZ ratings on its COVID compliance vs region and national

And from a COVID Safe compliance perspective, how do rate your club?  
(on a scale of 1-10, 5 means just OK)

COVID compliance ratings summary Club XYZ vs region and national

- Compared to region and national CLUB XYZ has lower compliance ratings
- This weakness is especially pronounced amongst females, good gamers and over 45's
- Given this is the likely the most important COVID rating this appears to need focus on compliance practices for improvement

# CLB XYZ ratings on the importance of making permanent changes due to COVID

*Looking forward how important is it to you that (club name) makes permanent changes to provide best practices to be COVID safe? (on a scale of 1-10, 5 means just OK)*

- This question is highlighting that members see the need for permanent changes due to COVID
- This desire for changes is most pronounced amongst females and over 45's (likely due to health concerns)
- The important good gamer demographic is also seeking permanent changes (likely to the gaming room)

# CLB XYZ ratings on the importance of making permanent changes due to COVID

*Looking forward how important is it to you that (club name) makes permanent changes to provide best practices to be COVID safe? (on a scale of 1-10, 5 means just OK)*

Importance of making permanent COVID Related Changes vs Region and National

- Members of XYZ club are placing more importance on permanent changes
- This is consistent across most demographics including females, good gamers and over 45's
- It will be important to talk to club members and staff to determine the changes that need to be made permanently

*Thank you*

# Geoff Wohlsen

[linkedin.com/in/geoffwohlsen](https://www.linkedin.com/in/geoffwohlsen)

Geoff Wohlsen a business analyst and consultant specialising in community clubs and the associated sporting, leisure, and entertainment offerings.

He has gained degree qualifications in Economics and Law from the University of Queensland in 1987 and 1993 respectively and completed the Barristers Practice Course at QUT in 1993.

In 1988, Geoff commenced employment with BP Oil working in analytics and economics within in the company's Australian Headquarters in Melbourne. He remained with BP Oil, engaged in a range of analytical, property and marketing positions until 1994.

In early, 1994 Geoff was appointed to a new role within KPMG Consulting in Brisbane, as an economic consultant and then senior manager in the Strategic Planning and Economic Development Division of the Partnership.

In 2001, Geoff became a partner in a specialist consulting practice that serviced the not-for-profit community gaming club, hotel and casino sectors. This practice operated offices in Brisbane and Sydney. During this time, Geoff was a shareholder in the development and commercialisation of the industry business intelligence tool Club Data Online. This tool later became known as Astute BI and is now owned and operated by Odyssey Gaming, later to be acquired by Tabcorp.

In June 2005, fellow industry practitioner and club manager, John Dickson, and Geoff created a new consulting practice and registered training organisation, operating under registered business names Dickson-Wohlsen Strategies and Club Training Australia (CTA). The consulting practice later changed its name to DWS Hospitality Specialists.

DWS and CTA grew to employ over 60 full-time staff members and provided accredited education, training and qualifications to over 2,000 trainees per year. In 2015, CTA was awarded the Best Small Training Provider by the Qld Department of Education.

In October 2017, Geoff transitioned out of day to day operational roles with DWS and CTA into a sole trading position under the registered name *Wohlsen Consulting*.

Service lines include:

- Strategy
- Research and business intelligence
- Business improvement
- Planning
- Feasibility and bank finance
- Economics, industry and sector analysis
- Service and culture
- Governance and policy development

# Philip Wohlsen

[Philip Wohlsen | LinkedIn](#)

Philip Wohlsen is an experienced business leader who joined Geoff Wohlsen at **Wohlsen Consulting** in July 2021. This brings their combined clubs and gaming and international corporate experience together to service the community club's industry in Australia. Philip is based in Sydney.

Philip has 30 years of corporate experience with a track record of success in multinationals in consumer goods and healthcare industries in ANZ and Asia. He has held senior leadership roles in marketing, sales, corporate strategy, and general management.

Philip gained degree qualifications including a Bachelor of Business (economics and marketing majors) from Queensland University of Technology in and a Master of Business Administration for the Australian Graduate School of Management at the University of NSW

In 1987, Philip started his career at Unilever as a management trainee where he spent 6 years in a variety of roles including sales, category management, supply chain, finance, and marketing. Following this Philip worked for 5 years at global advertising agency J Walter Thompson managing marketing and advertising for Kellogg's, Pfizer, and Unilever

In 1997 Philip joined Arnott's Campbells to revitalise its company-wide innovation program, then progressed to marketing leadership managing the Arnott's brand modernisation and brand portfolio.

In 1999, Philip joined Pfizer where was marketing director for its market leading consumer health brands including Listerine, Codral, & Nicorette. Johnson and Johnson acquired the business and Philip progressed to marketing leadership roles in J&J ANZ and then was appointed as Asian Marketing Head for J&J Consumer Healthcare located in Singapore. Philip spent 6 years in Asia working with 15 countries including, China, Japan, Korea, India, SouthEast Asia and ANZ driving strategic planning, marketing, retail strategy, and innovation.

Philip returned to Australia in 2014, where he set up The a2 Milk Company's infant formula business in China which has been an extraordinary Australian success story. Philip then joined Bayer where he built a large-scale new business unit developing Australian Bayer Brands into China and Asia via cross border channels and ecommerce. Most recently Philip was leading corporate strategy and cross border ecommerce at GSK.
