Continuous Improvement

Online course that can be taken on its own or as part of 12 courses that make up the **CMAA Leadership & Management Program** via the CMAA's online partner **elevateB**.

Course Outline

Making continuous improvements in business so that your team can perform better is one of the most important things you can do. This continuous improvement approach for ever-improving quality and efficiency is the opposite of "if it ain't broke, don't fix it" – an approach of maintaining the status quo which spells trouble!

This course develops your skills and knowledge required to lead and manage continuous improvement systems and processes. There is particular emphasis on the analysis of information to adjust performance strategies and manage opportunities for further improvement.

Course Delivery

This comprehensive course is delivered via an interactive, online platform providing the flexibility to study and learn at times that suits participants commitments and at a pace that suits their lifestyle.

Course material is comprised of readings, links, videos, activities and assessments (optional) in a comprehensive learning experience.
