Choose where your super goes

You can choose where your employer pays your super.

If you start a new job and you do not advise your employer of your choice of super fund by completing a super choice of fund form, your employer will need to check with the ATO if you have an existing super account to pay your super into.

If you want to make sure your employer is paying into a particular fund, it's important that you complete a super choice form and return it to your employer.

I choose my own super fund.
