### Course Outline

Managing in today's streamlined, informal, team-based clubs is different from managing in the conformist, hierarchical clubs of the past. Managers need to lead teams whose members work together, rather than as individual/independent performers, to achieve challenging goals.

This course focusses on your ability to nurture high-performing teams and empower them to work effectively with reduced management input and supervision.

The aim is to achieve synergy – where the ability of the whole is more than the sum of the individual parts.

### Course Delivery

This comprehensive course is delivered via an interactive, online platform providing the flexibility to study and learn at times that suits participants commitments and at a pace that suits their lifestyle.

Course material is comprised of readings, links, videos, activities and assessments (optional) in a comprehensive learning experience.
