

NEW Member Card Vending System...

A Coffee Machine that Links to your Member Rewards Program....

Brilliant!

Global Coffee Solutions, the most respected name in the club industry for coffee, is proud to announce its coffee vending solution for Club Gaming Rooms.

Tray service is a thing of the past with **Global Coffee Solutions'** Member Card Vending System. With a swipe of their card, members can help themselves to a range of fresh 'bean-to-cup' coffee options, plus tea, hot chocolate and even carbonated drinks.

Not only does this represent a better level of service to your members, but the system will also link to your Members' Loyalty Rewards Program with points deducted from the member after each swipe.
