TM

Super Performance

After 15 years, the stepper is back on Australian gaming floors thanks to IGT.

If you are looking for a new way to entertain your players, look no further than Super Reel™. The proof is in the performance...

"Since we installed Super Reel we have been delighted with its performance. Both Triple Stars and Wild Wolf have ranked amongst our top one cent games. Super Reel is attracting a broad range of players, including the older generation who are attracted by the nostalgia factor, and the younger generation who are attracted by the novelty factor."

*– Jane Gallagher, Gaming Analyst,
The Albury SS & A Club*
