Changing Gaming Trends

Justine has over 30 years' experience in the hospitality industry and has worked as an executive level manager in several large clubs and hotel groups.

Her expertise and game knowledge started with product management roles with both Aristocrat and IGT, working with casinos, clubs and hotels across all Australian jurisdictions. She spent two years in Europe for Aristocrat working with casinos and assisting with the introduction of Australian style gaming machines into that market. For several years Justine managed IGT's Gaming Analysis and Insights department, producing game performance and jurisdictional data for the business, along with high level site specific gaming analyses for all types of venues across Australia.

For the last 15 years she has operated a successful gaming specialist company assisting clubs and hotels to increase gaming revenue, and mentoring younger managers. Justine is a co-owner, Managing Director and current Editor of The Drop (www.thedrop.com.au) and contributes gaming articles regularly. Justine will be presenting on how your Club can take advantage of changing trends within the Gaming Industry.
